

WORLD DAIRY EXPO 2026

Staffing Flexibility Form

Contracted Exhibitors are encouraged to staff their booth space all hours of the World Dairy Expo Trade Show to give both exhibitors and attendees the best possible experience at World Dairy Expo. If you have limited staff onsite to work in your booth space, you may complete this form to allow for staffing vacancies not to exceed one (1) hour at a time. This form does not exempt any company from staffing its booth space, but allows for small breaks, meetings, or attending other opportunities at Expo. When your booth is unstaffed, there must be a sign present to indicate when you will return and include contact information for your company. Booths may not be unstaffed the last two hours each day.

To receive approval to staff your booth less than all hours of the Trade Show, you must complete this Staffing Exemption Form and return it to tradeshow@wdexpo.com by September 1, 2026. Any booth that is unstaffed for more than one (1) hour risk penalties for future World Dairy Expos.
