# REGISTER ONLINE

[www.worlddairyexpo.com/pages/Online-Contest-Registration.php](http://www.worlddairyexpo.com/pages/Online-Contest-Registration.php)

## REGISTRATION DEADLINE & FEES

The entry fee is \$300 per team or \$75 per person on or before September 12.

**If not also registered in the Traditional Contest**, participation in the Practical Contest includes an awards banquet ticket. Separate awards will be given in each contest. When entering the Practical Contest, please indicate if your team will be attending the complimentary light meal following the conclusion of the Practical Contest on Saturday evening.

Five (5) complimentary banquet tickets are included in the registration fee. Additional banquet tickets are \$40 per person and can be purchased online before September 22. More information will be directly emailed to coaches after registration closes.

World Dairy Expo does not charge admission or parking fees the day of the contest or Monday, September 29. However, admission will be charged starting Tuesday, September 29. Additional entry tickets are available at a reduced rate of \$10 per person per day until September 5. At the gate, fees increase to \$20 for a daily pass and \$40 for a season pass (all attendees, 12-years and older, are required to have an admission pass to enter the show grounds). **A link to purchase discounted admission tickets will be included in your confirmation email after registering your team.** *Admission tickets must be purchased via the link and not at the time of team registration.*

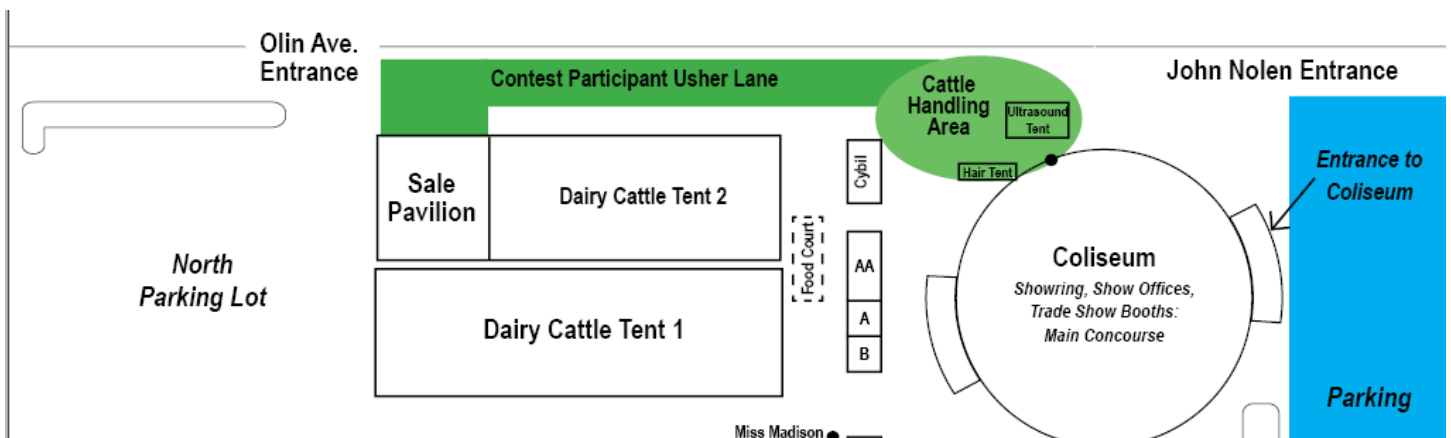

World Dairy Expo requires all contestants, coaches and leaders to abide by all rules and regulations set forth for its respective contest. By submitting registration payment, you agree that you, and the persons you represent herewith, will abide by each of the rules stipulated within the contest rules and regulations. Contestants will be held responsible for their actions. The use of outside aid is forbidden and includes, but not limited to, the use of electronic communications, internet sources, phone calls or other communication tools. Contestants, coaches and leaders are not permitted in or near the dairy cattle barns on the grounds prior to the contest except as announced by the Superintendent.

## Lodging

Looking for a place to stay before and during World Dairy Expo? Take a look at this curated list of hotels in the Greater Madison area with up-to-date rates [here](#).

## National Judging Contests Participation in Practical, Showmanship and Fitting Contests

Participants in the National Dairy Cattle Judging Contests can participate in Expo's Practical, Youth Showmanship and Fitting Contests on Saturday. Judging Contest participants cannot enter any cattle housing area. Instead, they will be allowed to work with their animal within a designated zone and need to communicate with others to get animals and equipment needed/ready for the contests. Any individual that crosses identified boundary lines will be disqualified from the National Judging Contest.

# RULES & REGULATIONS

The superintendent shall have complete charge of the contest. The superintendent shall see that all rules and regulations governing the contest are duly carried out and that the contest is conducted with fairness and justice to all concerned. The superintendent shall also decide all questions which may arise in connection with the interpretation of the rules.

## **Teams and Entries**

The teams shall consist of four members representing their state, or agricultural college, technical college, short course or farm training program in which they are regularly enrolled. The contestant with the low overall score from each team will be designated as the alternate, but will be eligible for individual awards.

## **Arrival**

Contestants are only allowed on World Dairy Expo grounds prior to the Dairy Cattle Judging Contest for the WDE Youth Fitting, Youth Showmanship and/or Practical Contests. Contestants are not permitted to enter any animal housing areas starting at the time cattle are first allowed on the grounds (Wednesday, September 24) until after completion of the Judging Contest on Sunday, September 28. Any contestant that violates this rule will be disqualified from the judging competition.

## **Method of Conduct**

No member of any team nor their coach shall be allowed in the cattle pavilions or tent, nor have the privilege of inspecting cattle selected for the contest at World Dairy Expo prior to the contest.

**Inspection of Cattle** - Team members shall be divided into a sufficient number of groups to provide the best opportunity to view and judge the animals; one assistant superintendent shall have charge of each group. Contestants shall not at any time place their hands on any animal.

**Reasons** - Contestants shall give oral reasons, two minutes in length, one class in each breed. 4-H and Post-Secondary shall give five (5) sets of reasons. Intercollegiate shall give six (6) sets of reasons. The superintendent shall notify the contestants before the contest starts, the classes on which reasons will be required in order that contestants may take notes. Reasons will be given on the afternoon of the day of the contest.

**Materials** - The superintendent shall provide ringside iPads for recording placings, and any other necessary materials for conducting the contest. No contestant shall be allowed to take any book, notes or writing paper into the ring except materials as are furnished by the superintendent.

**Time Allowed** - Contestants will be allowed 15-minutes to place each class, reasons or non-reasons.

Contestants will utilize ringside iPads to submit each class placing. These iPads will replace the traditional paper cards submitted at the conclusion of each class. Contestants will have a unique barcode attached to their contestant number. When the contestant has completed judging a class, he/she will scan the barcode at an iPad and will then select the breed, class and input his/her placing. Each contestant will have a back-up paper he/she will use to record his/her placings and submit at the conclusion of the contest.

## **Classes**

The judging shall consist of classes using a variation of the seven major breeds. The Intercollegiate and Post-Secondary Contest shall judge seven (7) classes of cows and five (5) classes of heifers (yearlings or calves). The 4-H contest shall judge five (5) classes of cows and five (5) classes of heifers (yearlings or calves). Fall Yearlings and Aged Cows will not be used.

The animals shall be held in a careful manner so that all Contestants may have an equal opportunity to examine them. The animals shall be lined up consecutively in single file and number 1 to 4 inclusive.

The final rank of each Contestant in each breed shall be determined by totaling his/her grades on placings and reasons for that breed. The individual rank for all breeds shall be determined by adding his/her grades for each of the breeds.

## **Bio-Security - Practice Farm Tours**

1. **All contest members are required to bring enough plastic boots for each farm.**
2. Avoid farms, sale barns, stockyards, animal laboratories, packinghouses, zoos, fairs or other animal facilities for five days prior to leaving a foreign country.
3. Avoid contact with livestock or wildlife for five days after arrival in the United States from international travel.
4. Any individual who has been on a farm or in contact with an animal infected with foot and mouth disease should have no contact with wild or domestic animals for ten days before visiting the practice team herd facilities. Individuals must then thoroughly shower, shampoo, and change into new clothing before attending the practice sessions.

**103<sup>RD</sup> NATIONAL  
4-H DAIRY CATTLE  
JUDGING CONTEST**

*This contest has been designated by the 4-H Youth Development ECOP Sub-Committee as the official National 4-H Dairy Cattle Judging Contest. This contest is conducted in cooperation with World Dairy Expo, who assumes financial accountability.*

Superintendent..... Amber Vander Poel, World Wide Sires, Ltd., Madison, Wis.  
Assistant Superintendent..... David Erf, Zoetis, Oakdale, Minn.  
Assistant Superintendent..... Brenda Meyer, Land O' Lakes, Inc., Valders, Wis.

## Managment Committee

Chad Dechow, Chair ..... The Pennsylvania State University  
Ted Halbach ..... University of Wisconsin - Madison  
Larissa Tucker ..... University of Kentucky  
Doug Waterman ..... Virtus Nutrition LLC  
Laura Herschleb ..... World Dairy Expo, Inc.

## **Contestants and Eligibility**

1. A 4-H member who celebrates their 15<sup>th</sup>, 16<sup>th</sup>, 17<sup>th</sup>, 18<sup>th</sup> or 19<sup>th</sup> birthday during the calendar year of the contest is age eligible for this National 4-H competitive event.
2. All contestants must be members of 4-H in the state they are representing during the year in which the National 4-H competitive event is held. If the contest occurs in October, contestants who have been 4-H members anytime in the calendar year leading up to the contest are eligible. An individual may participate in the National 4-H Dairy Cattle Judging Contest one time.
3. The contestants must be certified as complying with all eligibility rules and the team must be certified as the official state entry by electronic verification of the State 4-H Leader. The individual(s) or team(s) may be selected by any procedure the State 4-H Leader believes is appropriate.
4. A 4-H member who is participating in or has completed post-secondary course work in Dairy Cattle Judging or Dairy Cattle Evaluation is not eligible. A 4-H member who has participated in a post-secondary Dairy Cattle Judging Contest is not eligible. 4-H contest participants are prohibited from participating in the post-secondary or intercollegiate contests, including practical and/or linear contests. Violations of the above will result in forfeiture of any awards or recognitions which have been won in the National 4-H Competitive event.
5. Each state may enter four members in the contest with the three top scores making up the state team. The contestant with the lowest overall score from each team will be designated as the alternate, but will be eligible for individual awards. NOTE: Substitutions can be made and can occur no later than the Saturday coaches banquet. Substitutes must meet all eligibility requirements.
6. Competing in both 4-H and FFA National Events  
The National offices of 4-H and FFA have agreed on the following national policy in the interest of consistency between events and between organizations in eligibility for national competition: Participation by the same individual in both a National 4-H and a National FFA competitive event in the same year may occur only when the following is accomplished:  
  
**For 4-H:** Participation in a National 4-H competitive event will require that all youth participating be a “bona fide” 4-H participant in the current calendar year leading up to the contest and must qualify for the national event through an approved state competition or selection process conducted or sanctioned by the representative organization.  
  
**For FFA:** Participation in a National FFA Career Development event will require that all youth participating be a “bona fide” member of an FFA Chapter and must qualify for the national event through an approved state competition conducted or sanctioned by the representative organization.
7. National Policy on Medical/Accident Insurance  
Each state or territory will provide medical/accident coverage for all its 4-H teams participating in all 4-H event as well as medical/accident coverage during travel to and from the events.  
  
No contestant shall be allowed to take any books, notes, or writing paper into the contest except those items provided by the Superintendent. No contestant shall wear pins, badges, or other marks of identification which may reveal his or her identity or that of the state represented. Clipboards will be provided for each contestant by the Superintendent.
8. Contestants will utilize ringside iPads to submit each class placing. These iPads replace the traditional paper cards submitted at the conclusion of each class. Contestants will have a unique barcode attached to their contestant number. When the contestant has completed judging a class, he/she will scan their barcode at an iPad and will then select the breed and class, and input his/her placing. Each contestant will have a back-up paper he/she will use to record his/her placings and submit at the conclusion of the contest.
9. Contestants are not allowed to bring in or use any cell phone or other electronic devices for communications during the contest. The Superintendent will gather phone numbers for each team coach in case of any emergencies.
10. While the contest is in progress there will be no communications among the contestants, or between a contestant and anyone else, except the squad leader. Coaches around the ringside are requested to hold discussions to a minimum.
11. Any contestant violating any rule shall be barred from the contest.
12. No handling of the animals will be permitted by the contestants.
13. Animals will be judged on breed type.

## DETERMINATION OF RATINGS

1. Fifty points shall be given for placing in each of the ten classes.
2. Fifty points shall be given for reasons in each of the five oral reasons classes, usually cow classes.
3. Team breed ties will be broken on:
  - A. Higher team, same breed, reasons score
  - B. Higher team, overall reasons score
  - C. Higher team, overall score
  - D. Lower team, total placings score in reasons classes
  - E. Team with the most perfect placing scores
  - F. Coin flip
4. Individual breed ties will be broken on:
  - A. Higher individual, same breed reasons score
  - B. Higher individual, overall reasons scores
  - C. Higher individual, overall score
  - D. Lower individual, total placings score in reasons classes
  - E. Individual with the most perfect placing scores
  - F. Coin flip
5. Individual overall placing-only ties will be broken on:
  - A. Higher individual, total reasons score
  - B. Individual with the more perfect placing scores
  - D. Coin flip
6. Individual overall reasons ties will be broken on:
  - A. Higher individual, overall score
  - B. Highest single breed reasons score, any breed
  - C. Lower individual, total placings score in reasons classes
  - D. Individual with the most perfect placings scores
  - E. Coin Flip
7. Team overall reasons ties will be broken on;
  - A. Higher team, overall score
  - B. Lower team, total placings score in reasons classes
  - C. Team with the most perfect placing scores
  - D. Coin flip
8. Individual overall ties will be broken on:
  - A. Higher individual, total reasons score
  - B. Lower individual, total placing score in reasons classes
  - C. Individual with the most perfect placing scores
  - D. Coin flip
9. Team overall ties will be broken on:
  - A. Higher team, total reasons score
  - B. Lower Team, total placing score in reasons classes
  - C. Team with most perfect placings score
  - D. Coin Flip
10. Team placing-only ties will be broken on:
  - A. Higher team, overall reasons score
  - B. Team with most perfect placings score
  - C. Coin Flip
11. Records submitted to the superintendent, tabulated and announced shall be final.

**Superintendent..... Jerome Meyer, Zoetis, Sun Prairie, Wis.**

**Assistant Superintendent ..... Maureen DeBruin, Holstein Association USA, Inc., Jefferson, Wis.**

#### Assistant Superintendents

Dave Badula, Wis.; Cindy Cooper, Wis.; Jake Cramer, Wis.;  
Cheryl Ehrke, Wis.; Cierra Ehrke Essock, Wis.;  
Mark & Morgan Lundy, Wis.; Chrissy Meyer, Wis.

## **Contestants and Eligibility**

Eligibility is limited to students enrolled in current year post-secondary institutions not accredited by ADSA. Included are students in farm training classes, short courses, junior colleges, two-year technical colleges and four-year non-Land Grant colleges. Non-U.S. teams are encouraged to participate. Each school is limited to entering two teams. Practical contest is open to Intercollegiate contestants.

A contestant is **ineligible** if the contestant has ever done any of the following: (1) competed in the World Dairy Expo International Post-Secondary Dairy Cattle Judging Contest, (2) competed in the National Intercollegiate Dairy Cattle Judging Contest, (3) been official judge of dairy cattle at a fair or show, (4) taught dairy judging in college or secondary school, or (5) been an employee or paid consultant of a breed organization, breeding service or similar unit, for which his/her duties include evaluation of dairy cattle for type (excluding internships).

Participation in this contest will in no way affect a contestant's eligibility in so far as future participation in the National Intercollegiate Dairy Cattle Judging Contest should the contestant later transfer to a four-year agricultural college. A contestant may participate in the Post-Secondary Contest practical contest one year and retain eligibility for the traditional contest another year. The reverse is also true. Practical contest eligibility includes students from ADSA approved schools.

If the eligibility of any contestant is protested, such protest must be made in writing and presented to the contest Superintendent(s) at the day of the contest before the contest begins. The protest must be accompanied by a check for \$25, which will be returned if the protest is sustained. In case the protest is not sustained, the \$25 shall be forfeited. Substitutions may be made during contest registration. Additional students may be entered as individuals.

## **Traditional Contest**

**Twelve (12) Classes** of four individuals each shall be judged. These classes of heifers and cows shall be selected from the Ayrshire, Brown Swiss, Guernsey, Holstein, Jersey, Milking Shorthorn and Red & White. The animals shall be handled in a careful manner so that all contestants may have an equal opportunity to examine them. The animals shall be lined up consecutively in single file and numbered 1 to 4 inclusively.

Ratings shall be based upon a possible score of 50-points for each class placed and 50-points for each set of reasons. Since there are 12 classes to be placed and five sets of reasons given, there will be a possible total score of 850-points per contestant.

The final rank of each contestant in each breed shall be determined by totaling his/her scores on placings and reasons for that breed. The individual rank for all breeds shall be determined by adding his/her scores for each of the breeds.

Contest ties will be broken as follows:

1. Team breed ties will be broken on:
  - A. Higher team, same breed, reasons score
  - B. Higher team, overall reasons score
  - C. Higher team, overall score
  - D. Lower team, total placings score in reasons classes
  - E. Team with the most perfect placing scores
  - F. Coin flip
2. Individual breed ties will be broken on:
  - A. Higher individual, same breed reasons score
  - B. Higher individual, overall reasons scores
  - C. Higher individual, overall score
  - D. Lower individual, total placings score in reasons classes
  - E. Individual with the most perfect placing scores
  - F. Coin flip
3. Individual overall placing-only ties will be broken on:
  - A. Higher individual, total reasons score
  - B. Individual with the more perfect placing scores
  - D. Coin flip
4. Individual overall reasons ties will be broken on:
  - A. Higher individual, overall score
  - B. Highest single breed reasons score, any breed
  - C. Lower individual, total placings score in reasons classes
  - D. Individual with the most perfect placings scores
  - E. Coin Flip
5. Team overall reasons ties will be broken on:
  - A. Higher team, overall score
  - B. Lower team, total placings score in reasons classes
  - C. Team with the most perfect placing scores
  - D. Coin flip
6. Individual overall ties will be broken on:
  - A. Higher individual, total reasons score
  - B. Lower individual, total placing score in reasons classes
  - C. Individual with the most perfect placing scores
  - D. Coin flip
7. Team overall ties will be broken on:
  - A. Higher team, total reasons score
  - B. Lower Team, total placing score in reasons classes
  - C. Team with most perfect placings score
  - D. Coin Flip

## **Practical Contest**

The entry fee is \$200 per team or \$50 per person on or before September 12. Teams may enter via the website for a late fee of \$250 or \$62.50. All contestants participating in the Practical Contest shall report to the Superintendent(s) in the Sale Pavillion at **1:00 p.m., Saturday, September 27**, where they will receive full instructions in regard to the routing and details of the contest. Opportunity will be given for participants to ask questions. Contest begins at **1:30 p.m.** There will be four parts to this contest. Each phase of the contest will be allocated 25-minutes.

1. The first part of the contest will be the **Linear Contest**. Although the contest has separate team and individual awards, team scores will be tabulated and included in the practical contest. The results and awards will be given at the time of the awards banquet. Each contestant will be given four animals to score for ten linear traits. The scores closest to the "official" scores will receive the highest ranking. High scores are those contestants that are (+/-) 5-points or less, while those lowest scores are (+/-) 10 points or more. The Linear Contest total is 200. Team scores will be calculated the same as the traditional contest.
2. The second part of the contest will consist of up to six non-ID animals. A situation scenario will be provided prior to the contest describing conditions under which animals are going into. Contestants will judge as a team with no individual scores but all members of a team, must participate. Each team will act as a buying group. Placings will be made using the enclosed score card for non-ID heifers. They will be asked a number of questions (not yes or no types). Questions will not have equal values and points may be given for certain incorrect

answers much as breaks are assigned in traditional judging classes. Contestants should be prepared to answer questions concerning heifer weights, heifer values, heifer body conditions and to identify discriminating factors to be evaluated on the heifer scoreboard. Detailed questions on heifer rearing will be asked. Each team may receive a maximum of 50 points for correct placings and answers to the provided questions. This will only be a questioner class this year.

3. The third part of the practical contest will consist of six registered Holstein heifers with provided pedigrees. A situation scenario will be provided specifying conditions that the contestants (acting as buyers) are putting the animals in. Again contestants will judge as a team with no individual scores but all members of a team, must participate. Animals will be placed 1-6 using the enclosed score card for Registered Heifers. Contestants will also answer questions about the animals in the class. Again, yes or no questions will be avoided and questions will be scored in the same manner as the non-ID heifer class. Each team may receive a maximum of 100-points for correct placings and each team may receive a maximum of 50-points for the question portion, and 50-points for the team reason portion. Teams should be aware that situation scenarios may change dramatically from year to year.

Practical Reasons: Each team will be required to give a set of reasons to justify their placings on the registered heifer class. The reasons will be no longer than 5-minutes and will be given to a two judge panel. Each team will have 20-minutes to prepare for their reasons. Each team member must participate in the reasons discussion for maximum score. The reasons should have an opening statement, both genetic & phenotypic animal comparisons, and a closing statement. Reasons will have a maximum 50-points.

4. The final part of the contest will consist of team members being presented either a cow or a heifer and require them to mate the animal. This is a team event and will be at the conclusion of the Registered Heifer segment. Each team will be provided with a scenario to mate the provided female and have to choose from a list of five provided sires. The teams will have a full pedigree on the female and also a full PTA and pedigree description of each bull. Teams will answer five written questions and be required to pick the best choice to mate the heifer/cow. Also, as a team they will give reasons to justify their mating of the animal to the sire of their choice. These reasons should relate to the scenario that was provided and include both phenotypic and genotypic explanations. Reasons will be a maximum of two minutes in length and at least two team members must present. All team members must be prepared to answer questions after their reasons. Each team may receive a maximum of 100-points. 50-points for correct answers to the provided questions and 50-points for team reasons.

## DAIRY HEIFER ECONOMIC SCORE CARD

### MAJOR TRAIT DESCRIPTION

	NON-ID	REG.
<b>1. PRODUCTION PERFORMANCE . . . . .</b>	<b>30%</b>	<b>50%</b>
<b>A. Genomic values, genetic indexes for Net Merit,</b>	<b>15%</b>	<b>27%</b>
Protein, Milk, Fat, PL, and SCS are all considered.		
The higher these genetic values, the more desirable		
the ranking.		
<b>B. Predicted Producing Abilities or Herdmate</b>	<b>10%</b>	<b>15%</b>
Deviations for milk, protein and fat. These reflect		
production relative to management in the herd.		
The higher the better.		
<b>C. The actual production records with emphasis</b>	<b>5%</b>	<b>5%</b>
on total production per Day of life.		
Emphasis is put on milk, protein, and fat.		
<b>D. Strength of pedigree for production and</b>	<b>0%</b>	<b>3%</b>
type for generations.		

<b>2. CONFORMATION. . . . .</b>	<b>55%</b>	<b>35%</b>
<b>A. FORM</b>	<b>22%</b>	<b>14%</b>

*Attractive individuality and harmonious blending of parts with the exception of feet and legs, is evaluated. Listed in priority order, the descriptions of the traits to be considered are as follows:*

**Rump** – long and wide throughout with pin bones slightly lower than hip bones.  
**Thurls** - wide apart and centrally placed between hip bones and pin bones.  
**Tailhead** - set slightly above and neatly between pin bones. Tail free from coarseness. The vulva is nearly vertical.  
**Back** – Straight and strong; loin broad, strong and nearly level; slight arch preferred.  
**Front End** – adequate constitution with front legs straight, wide apart and squarely placed. Shoulder blades and elbows set firmly against the chest wall. The crops should have adequate fullness.  
**Barrel** – long, deep and wide; depth and spring of rib increasing toward the rear with a deep flank.  
**Chest** – deep and wide floor with well sprung fore ribs blending into the shoulders.  
**Breed Characteristics** – exhibits overall style and balance; clean cut head, broad muzzle with large, open nostrils, and strong jaw.

<b>B. FEET AND LEGS</b>	<b>11%</b>	<b>7%</b>
-------------------------	------------	-----------

*Feet and rear legs are evaluated. Evidence of mobility is given major consideration. Listed in priority order, the descriptions of the traits to be considered are as follows:*

**Feet** – Steep angle and deep heel with short, well-rounded, closed toes.

Rear Legs

- Rear View – straight, wide part with feet squarely placed.
- Side View – moderate set (angle) to the hock.
- Hocks – cleanly molded, free from coarseness and puffiness with adequate flexibility.
- Bone – flat, clean with adequate substance.
- Pasterns – short, strong with some flexibility.

*Slightly more emphasis is placed on Feet than on Rear legs when evaluating this breakdown.*

C. DAIRY CHARACTER 11% 7%

*Evidence of potential milking ability is evaluated. Major consideration should be given to general openness and angularity with out weakness, flatness of bone, and freedom from coarseness. Listed in priority order, The descriptions of the traits to be considered are as follows:*

- Ribs –** Wide apart. Rib bones wide, flat, deep and slated toward the rear.
- Thighs –** Lean, incurving to flat and wide apart from the rear.
- Withers –** Sharp with chine prominent.
- Neck –** Long, lean and blending smoothly into the shoulders; clean cut throat, dewlap, and brisket.
- Skin –** Thin, loose and pliable.
- Allowance should be given for winter and fall yearlings to carry more condition as they approach calving.*

D. STATURE 11% 7%

*Growth, vigor, early maturity and good health are evaluated. Major consideration should be given to height at the point of wither. The description of the trait to be considered is as follows:*

**Stature – Height** including length in the leg bones with a long bone pattern throughout the body structure; height at withers and hips should be relatively proportionate.

3. MANAGEMENT TRAITS . . . . .	15%	15%
A. Age is a consideration. Generally older heifers are more economical than younger heifers. Younger cows are more economical than older cows.	3%	3%
B. Reproductive status is considered. Generally pregnant animals have more economic value. Calving interval can also be utilized to look at the history of reproduction. Animals not pregnant for a long time can receive severe discrimination.	5%	5%
C. Temperament or other observed traits can affect the ranking	1%	1%
D. Health history and/or vaccination are considered. If animals have severe problems or are known to carry disease severe discrimination should be given.	6%	6%

Practical Contest Determination of Ratings

Maximum team score is 600. For the linear contest, the average of the top three individuals will be compiled for a team score. This will be added to the totals for each of the three heifer classes for a total overall team score for this contest. In case of a tie, the team placing highest on the combined total of the heifer classes will be the winner. If the teams are still tied, the team with the highest score in the linear contest will be the winner. If there is still a tie, it will be left a tie.

#### American Dairy Science Association Ad Hoc Dairy Cattle Judging Contest Committee

Dale Olver - Chair  
Katherine Knowlton - Southern  
Morgan Wonderly - West  
Derek Nolan - Midwest  
Kevin Ziemba - East

## **Eligibility of Contestants**

Each contestant must be a student in (1) a Land Grant University with an Agricultural College in the United States, or (2) an Agricultural College of corresponding rank in the Dominion of Canada, (3) an institution international or domestic offering a full degree in agriculture with major emphasis in dairy production in a Division of Dairy or Animal Sciences whose application has been approved by the American Dairy Science Association through the Dairy Cattle Judging Committee of its Production Division.

A contestant must be enrolled in a program of study normally requiring four or more academic years for a baccalaureate degree and must be officially recognized by their home institution as having achieved at least sophomore status.

A student is **ineligible** to be a Contestant if he/she has (1) competed in the National Intercollegiate Dairy Cattle Judging Contest, or (2) been an official judge of dairy cattle at a fair or show, or (3) taught dairy judging in a college or secondary school, or (4) completed requirements for a college degree normally requiring at least four years, or (5) been an employee or paid consultant of a breed organization, breeding service or similar unit, for which his/her duties include evaluation of dairy cattle for type (excluding internships).

If the eligibility of any student is protested, such protest may be made in writing at ringside the day of the contest before the contest begins. The protest must be accompanied by a check for \$25, which will be returned if the protest is sustained. In case the protest is not sustained, the \$25 shall be forfeited. Substitutions may be made during contest registration.

## **Determination of Ratings**

Ratings shall be based upon a possible score of 50-points for each class place and 50-points for each set of reasons. Since there are 12 classes to be placed and six (6) sets of reasons given, there will be a possible total score of 900-points per Contestant.

The team rankings for each breed shall be determined by totaling the score on placings and reasons for each of the three team members for that breed. In like manner, the team ranking for all breeds shall be determined by combining the grades of the three members of each of the seven breeds in contest.

Contest ties will be broken as follows:

1. Team breed ties will be broken on:
  - A. Higher team, same breed, reasons score
  - B. Higher team, overall reasons score
  - C. Higher team, overall score
  - D. Lower team, total placings score in reasons classes
  - E. Team with the most perfect placing scores
  - F. Coin flip
2. Individual breed ties will be broken on:
  - A. Higher individual, same breed reasons score
  - B. Higher individual, overall reasons scores
  - C. Higher individual, overall score
  - D. Lower individual, total placings score in reasons classes
  - E. Individual with the most perfect placing scores
  - F. Coin flip
3. Individual overall placing-only ties will be broken on:
  - A. Higher individual, total reasons score
  - B. Individual with the more perfect placing scores
  - D. Coin flip
4. Individual overall reasons ties will be broken on:
  - A. Higher individual, overall score
  - B. Highest single breed reasons score, any breed
  - C. Lower individual, total placings score in reasons classes
  - D. Individual with the most perfect placings scores
  - E. Coin Flip
5. Team overall reasons ties will be broken on;
  - A. Higher team, overall score
  - B. Lower team, total placings score in reasons classes
  - C. Team with the most perfect placing scores
  - D. Coin flip
6. Individual overall ties will be broken on:
  - A. Higher individual, total reasons score
  - B. Lower individual, total placing score in reasons classes
  - C. Individual with the most perfect placing scores
  - D. Coin flip
7. Team overall ties will be broken on:
  - A. Higher team, total reasons score
  - B. Lower Team, total placing score in reasons classes
  - C. Team with most perfect placings score
  - D. Coin Flip

## KILDEE SCHOLARSHIP - GOVERNING RULES

1. The Top 25 contestants in one of the past three National Intercollegiate Dairy Cattle Judging Contests are eligible to apply for up to two \$3,000 scholarships.
2. Students may apply for the scholarship in their junior or senior year of college. These scholarships are to be used for advanced study related to the dairy industry (production agriculture, manufacturing, marketing, agricultural law, business, veterinary medicine and environmental sciences) at the school of their choice.
3. The scholarship will be paid in two installments. The recipient must submit an official transcript following their first year of graduate study to the Executive Director to receive the final payment.
4. Scholarship recipients will be recognized at the Dairy Shrine Awards Banquet.
